PARIS HILTON isn't going to let a breakup with Greek shipping heir **Stavros Niarchos III**, 21, slow her down. The *Simple Life* star, 26, already has a new man in her life — *Desperate Housewives* hottie **Josh Henderson**, 25!

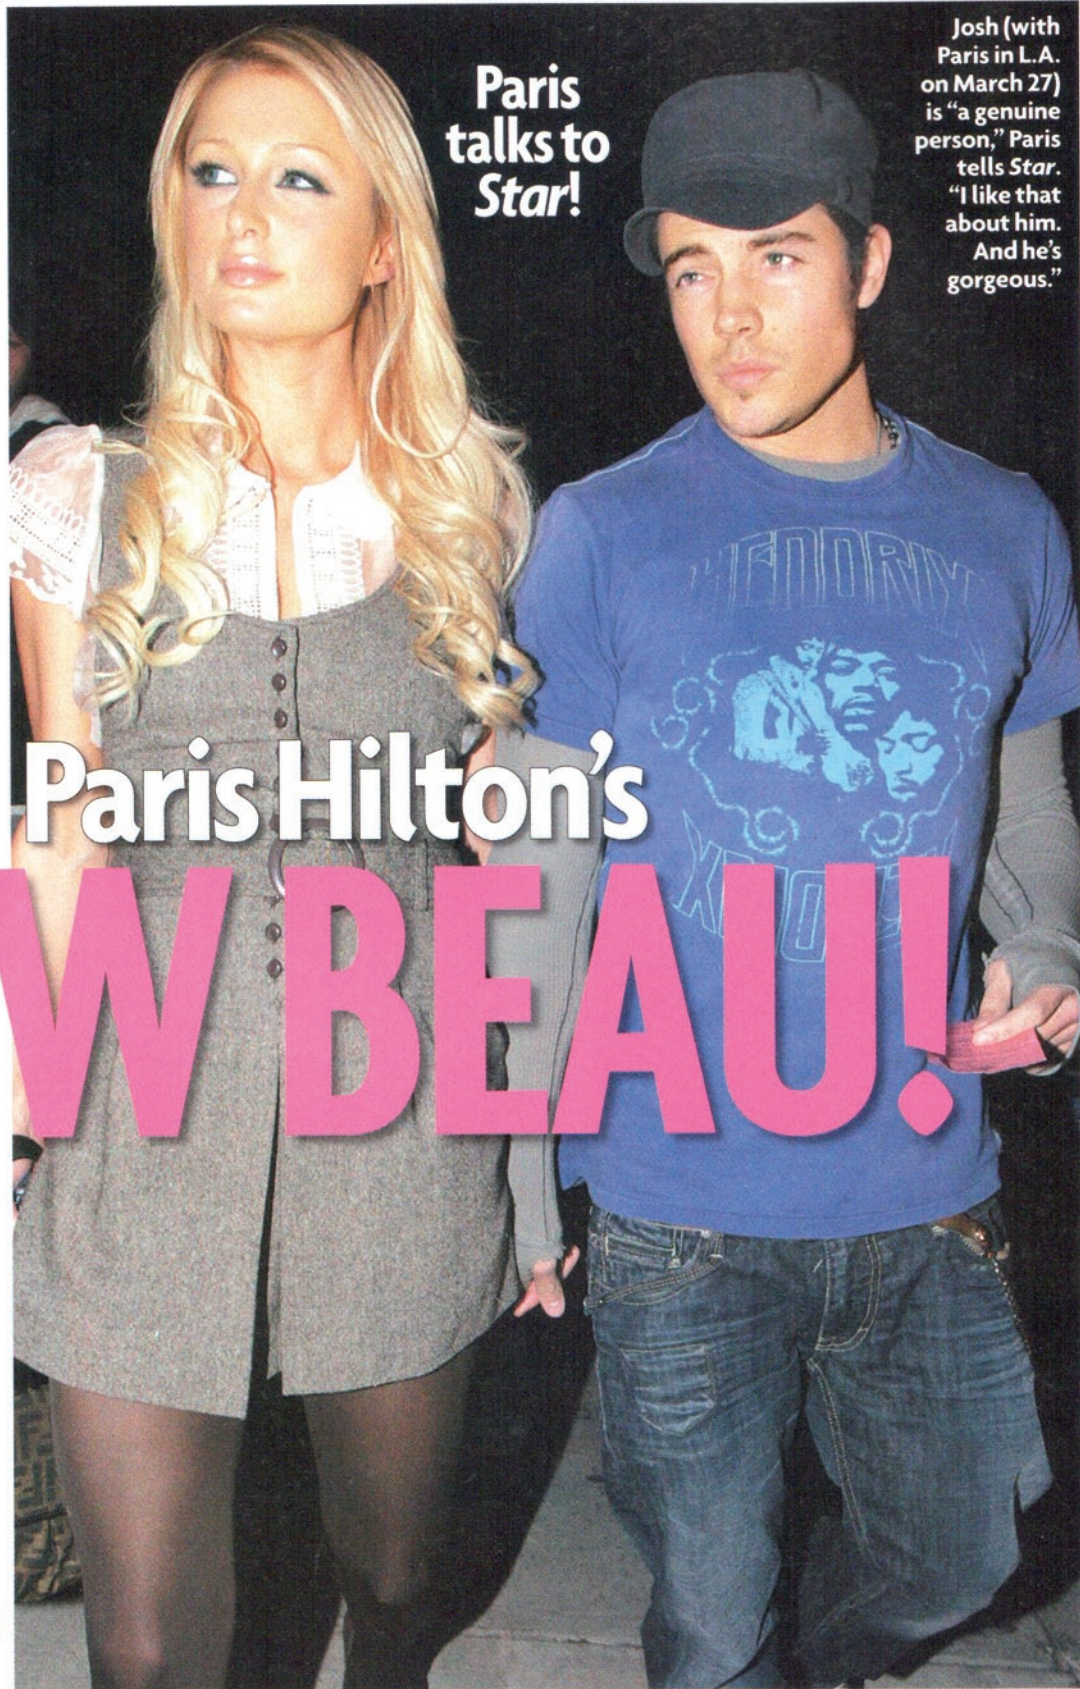

"We are just getting to know each other, but I'm happy we met," Paris told *Star* exclusively — when *Star* caught up with her as she dined with Josh at hot Japanese restaurant Koi in L.A. on March 27! "He's such a sweet guy, really good to me!"

The couple met March 16 at Les Deux nightclub in Hollywood, and Paris was so smitten that she invited him over to dinner, cooking up her special lasagna! The feelings appear to be mutual: Oklahoma-native Josh

has been telling friends that Paris "is the coolest girl in the world."

Still, the lovebirds are taking it slow. According to a source close to Paris, the couple are "only holding hands and kissing. The relationship so far has just been really innocent and sweet." But watch out, Josh: Stavros apparently isn't over Paris and has been calling her and showing up at her home unannounced!
